To make this round bag, **you will need two equal circular parts** and a third part to join to other two and continue with the handle.

### **Materials Needed:**

Approx. 490 aluminum pop tabs

Nylon thread #9

Crochet hook: 7/165mm

### **Instructions:**

#### **1st Round: 6 pop tabs**

Start by attaching one pop tab with another, with 2 single crochet stitches. The pop tabs should partially overlap each other. Once all 6 pop tabs have been joined, overlap the last one with the first one and join them with 2 single crochet stitches. Close with a slip stitch. It will look like a flower. Bring the loop to the back of the flower. Do four chain stitches and begin to crochet around: two single crochet on the hole of the pop tab, two chain stitches and then another 2 single crochet in the other hole of the pop tab and 2 chain stitches between each pop tab. Repeat this step with all 6 pop tabs to complete the round. At the end you will have 12 spaces of 2 chain stitches each. Do 3 chain stitches to add the next round of pop tabs.

#### **2nd Round: 12 pop tabs**

Insert 12 pop tabs, one in each space of the 2-chain stitches from previous round. The pop tabs should partially overlap each other. Do 2 single crochet stitches in each hole of the pop tabs and 2 chain stitches between the pop tabs until all 12 pop tabs complete the round. Close with a slip stitch. Do 4 chain stitches and begin to crochet around the pop tabs: two single crochet on the first hole of the pop tab, two chain stitches and 2 other single crochet stitches in the next hole of the pop tab and 2 chain stitches between each pop tab. Repeat this step with all pop tabs to complete the round and close with a slip stitch. At the end you will have 24 spaces of 2 chain stitches each. Do 3 chain stitches to add the next round of pop tabs.

#### **3rd Round: 24 pop tabs**

Insert 24 pop tabs, one in each space of the 2-chain stitches from previous round. The pop tabs should partially overlap each other. Do 2 single crochet stitches in each hole of the pop tabs and 2 chain stitches between the pop tabs until all 24 pop tabs complete the round. Close with a slip stitch. Do 4 chain stitches and begin to crochet around the pop tabs: two single crochet on the first hole of the pop tab, two chain stitches and 2 other single crochet stitches in the next hole of the pop tab and 2 chain stitches between each pop tab. Repeat this step with all pop tabs to complete the round and close with a slip stitch. At the end you will have 48 spaces of 2 chain stitches each. Do 3 chain stitches to add the next round of pop tabs.

#### **4th, 5th, and 6th Rounds: 48 pop tabs**

These 3 rounds have the same number of pop tabs and same procedure. Insert 48 pop tabs, two in each space of the 2-chain stitches from previous round. The pop tabs should partially overlap each other. Do 2 single crochet stitches in each hole of the pop tabs and 2 chain stitches between the pop tabs until all 48 pop tabs complete the round. Close with a slip stitch. Do four chain stitches and begin to crochet around the pop tabs: **two single crochet grabbing 2 pop tabs at the same time** (not on each hole of each pop tab as in the previous rounds), two chain stitches between each pop tab and so on to complete the round.

**Finish (around)**

2 single crochet stitches on each hole of each pop tab. Close with a slip stitch. Do one chain stitch to start a round of slip stitch until finish. Do one chain stitch for each new round. Do a total of 6 rounds.

**To connect the 2 parts:** Do a piece of pop tabs, the number of tabs depend on how big the zipper is. You will need to measure as you are working on the piece. Procedure: Join the pop tabs partially overlapped with 2 single crochet stitches until you reach the ideal size, then the pop tabs at both ends must be covered with single crochet stitches as well (about 8 to 10), do 2 single crochet stitches on the other side of the pop tabs. Close with a slip stitch once you get to the first pop tab.

**This piece will connect both main components of the bag with single crochet.**

Repeat this step to do the handle. The middle of the handle will be single crochet rounds since you need flexibility for the shoulders.
